

## Technical Data Sheet

**Areas of application:** KG cover with prefabricated holes and internal sealing membrane for permanent airtight and smoke-tight sealing of one or more supply lines, inside the building for KG & HT pipes.

### **Cover**

**Material:** plasticiser-free polyvinyl chloride (PVC-U)  
**Colour:** orange-brown

### **Adhesive flange**

**Material:** HDPE carrier film (Tyvek<sup>®</sup>) / polyacrylate adhesive  
**Colour:** white  
**Thickness:** approx. 0.2 mm Tyvek<sup>®</sup> carrier film / approx. 0.12 mm pressure-sensitive adhesive  
**Adhesive strength:** > 25N/25mm  
**Tensile strength:** > 50N/25mm  
**Temperature resistance:** -30 °C to +100 °C  
**UV resistance:** very good

### **Flexible sealing membrane**

**Material:** EPDM  
**Colour:** black  
**Elongation at break:** ≥ 300 % (EN 12311-2)  
**Tensile strength:** ≥ 7 MPa (EN 12311-2)  
**Thickness:** 1 mm ± 20%  
**Fire protection class:** E (EN 13501-1)

**Storage:** cool and dry

**Working temperature:** +5 °C to +30 °C
